

WHITE RIVER MILITARY COORDINATION
— ALLIANCE —

Who is part of the MOA?

Commander Navy Region Mid-Atlantic
Naval Support Activity Crane
White River Military Coordination Alliance
Greene County
Lawrence County

Martin County
Daviess County
Sullivan County
City of Sullivan
Town of Crane

Purpose of the MOA:

To ensure community growth that is compatible with and/or supports the military missions of NSA Crane and to establish effective and timely means of communication between the Crane and the surrounding counties and communities.

Key Objectives of the MOA:

- Crane and the surrounding counties and communities will discuss any land use applications and monitor land use changes or trends anticipated within the Coordination Military Compatibility Area.
- Crane will give notice to the other Points of Contact in this MOA of known Increased Military Impacts associated with activities at Crane. Notifications will be posted on the Alliance website and social media.
- Crane Leadership and the Alliance, representing the surrounding counties and communities, will each provide a briefing to update on community, infrastructure and land developments during a designated White River Military Coordination Alliance (Alliance) quarterly meeting.
- Alliance will maintain a public calendar for Crane and the surrounding counties and communities that provides opportunities for collaboration, speaking engagements, program promotions and community events.
- Alliance will provide information on its website concerning land conservation incentives and easement acquisition opportunities through a GIS-based Conservation Incentive Toolkit.
- Local Governments will provide notice to/and consider input from NSA Crane regarding construction of capital improvement projects located within the Coordination Military Compatibility Area.
- Local Governments will notify NSA Crane of potential incompatible developments proposed within the Coordination Military Compatibility Area.

PLEASE NOTE: The MOA reflects a commitment to maintain a dialogue on land use activities in the vicinity of Crane in a formalized manner. The MOA is not legally-binding and cannot be enforced by court action; however, each entity intends to pursue its obligations in good faith.
